**Item CG2575 - CONNECTOR**

**Class I, Division 2**  
**Class II, Division 1 and 2**  
**Class III**  
**NEMA 3R**

#### **CG Series Information**

Appleton liquidtight strain relief cord and cable connectors are available in straight or 90 degrees, aluminum or steel construction to meet the requirements of rugged service on all types of equipment and hazardous areas. They provide a liquidtight and strain relief termination for flexible type neoprene, hypalon, and PVC jacketed power or control cord and cable. Ideal for use in wet or dry locations, they seal electrical connections against dust and dirt, oil, water or other atmosphere containing moisture.
